3G1P Ilotes Pajaros SA-100 -update

August 21 0120Z

Back on air! Weather conditions have improved a bit. Earlier, the vertical antenna had to be pulled down due to strong winds, but now back up and running (on 20m SSB).

3G1P Ilotes Pajaros SA-100 -update 2

Just received word and new pictures from Felipe, XQ7IR. Team will evaluate in the coming hours what to do next. The waves are high and crash into the island. They have no shelter in place, only a small space that does not receive any splashing water. To land on the island they had to reduce 1/3 of their load, so tents did not make it – hence no shelter.

Intrepid DX Group – Turkmenistan -update by Paul N6PSE

Our Amateur Radio diplomacy work continues with our Project 2025 Turkmenistan Friendship Visit. We have just completed ten days in Turkmenistan. We had productive discussions and have formed a working group with the goal to advance our plans in this most interesting country.

N2TU S.K

It is with deep regret that we announce the passing of our dear friend and colleague, Lou Dietrich, N2TU, who left us last night in North Carolina.

Lou was more than just a leader in the amateur radio community: he was a pillar of DXing, a dedicated advocate for international goodwill through radio, and a passionate supporter of the mission of the International DX Association (INDEXA). <https://www.dx-world.net/n2tu-s-k/>

FP5KE Saint-Pierre and Miquelon -update

We are now 30 days away. Preparation of the equipment for FP5KE intensified this weekend at Radio Club of Provins F6KOP. A large part of our gear has been tested, including each station with its assigned PC. The masts were inspected, and the radials and bases of the vertical antennas were replaced. The 6-ele 6m antenna has been refurbished with new markings. Through the PRO-SIC company we also received the two ACOM 1200s amplifiers loaned by ACOM, along with great polo shirts. Check out 40 photos of this preparation [on our website](#).

TF2MSN S.K

Sad news to report that Odinn, TF2MSN has become a S.K. We're certain many ops / DXers have him in the log over the years. In contests he gave the TF multiplier. Comments over on Facebook show he had many friends. RIP.

DXCC

This week on air

This can change daily, please visit <https://www.dx-world.net/> for updates.

8R, GUYANA Aldir, PY1SAD is once again active as 8R1TM until September 23. Operation on all bands using CW, SSB and digi. QSL via LoTW or via home call direct.

CN, MOROCCO Michel, F5LRL is once again active as CN2DX until end August. Operation from 40 to 6 meter using CW, SSB and FT8. QSL via home call.

E6, NIUE Gavin ZL3GAV is active as E6SP during August. It will be a more advanced mini expedition. Extra antennas/radios including 6m and satellite operation, focus on IO117 Greencube (if still working) and other available satellites: linear/FM. More details will be advised when planning is advanced.

H40, TEMOTU Look for Lance W7GJ as H40GJ until August 27 from Pigeon Island. This is Lance's 20th 6 meter EME Dxpediton. Full info <https://www.bigskyspaces.com/w7gj/H40%202025.htm>

J6, ST LUCIA Seth, N4XTT is operating as J68TT until August 22. QRV from 40 to 10 meter and as J69Z from POTA parks.

KH9, WAKE ISL Jim, K9HEI is active as call/KH9: *'I will be going to Wake Island for a couple of weeks and will be taking a station with me. I have already talked to the USAF Comm unit on site and they have told me it will be okay for me to operate a station during the time I will be on Wake Island. I'm only scheduled to work 40 hours a week, so I should get some time to get on the air. I will try to QRV as much as I can. Dates are 8 to 22 August 2025. There may be future dates, however, no schedule has been set at this time.'*

The station is an ICOM 7300 and a Super Antenna vertical. I plan to use FT8 and SSB for the most part. Sorry, not very good with CW; I'm a long way out of practice with that mode. I may bring a 1/2 dipole as a backup, it all depends on how much I can get to fit in the weight limit. Unfortunately, clothes and safety equipment I need for work will take priority.

Guess the QSL

OH0, ALAND ISL Look for OH2JIU, OH5CW, OH5CY, OH5CZ and OH5YL as OG0C until August 24. Operation from 160 to 70cm using CW, SSB and digi 24/7. QSL via OH5CW, LoTW.

coordinating equipment, antennas, and logistics for a memorable and fun operation for both the team and the stations they work.

The timing works out well with the CQ Worldwide SSB Contest happening that weekend, which will bring lots of participation from stations worldwide. The plan is to start things off with a few days operating as NP2R from the US Virgin Islands (October 20-22); allowing the team to test equipment before moving over to the British Virgin Islands for the main VP2VRX operation during the contest (October 23-28). They'll be running multiple stations simultaneously during the contest. Outside the contest, the operators will each be active as VP2V/call on various modes/bands.

VP8, SOUTH GEORGIA ISLAND Amateur Radio DXpeditions (ARD) is proud to announce plans for a groundbreaking DXpedition to South Georgia Island, set to take place in March 2027.

Operating under the allocated callsign VP0SG, this ambitious activation will target one of the rarest and most logistically challenging DXCC entities, well ranked on top of the Club Log's Most Wanted List, with particularly high demand in some areas of the world.

ZD9, TRISTAN DA CUNHA DX-World has learned that a Tristan da Cunha Dxpedition is in the pipeline for 2025. Whilst it is quite some time away, we have gleaned the following info. It will be a 3-4 month long DXpedition to ZD9 which could be extended by another 2-3 months bringing it to (potentially) 6+ months. The additional months could depend on PayPal donations / extra donors. Focus is going to be on CW & SSB. There will be VERY LIMITED usage of FT8. In fact, FT8 will ONLY be used on 80 & 160 meters. Bands of operation will be 10 meters to 160 meters. 1kW to monoband heavy duty vertical antennas due to Tristan da Cunha's very inhospitable weather.

ZL7, CHATHAM ISL Stan, LZ1GC will be operating as ZL7/call between November 3 and November 20. Operation from 160 to 10 meter with 2 stations using CW, SSB and FT4/8. Stan will use a combo of verticals, GP antennas and VDA's. QSL via home call, OQRS.

Special International Calls

CQ International Dog Day during August

When a group of radio operators begin calling "CQ International Dog Day" in August, they're not just looking for QSOs.

They are in search of people who have room in their hearts to help the abandoned, abused and homeless dogs around the world in whatever way they can. These dozen or so special event operators know the power of rescue because they've been deeply involved in it themselves: Hanz YL3JD and his wife opened their home – first in Holland, later in Latvia – and have given needy dogs a second chance at a new family. In Australia, and later in Germany, Ed DD5LP and his wife discovered – several times – that their household was incomplete without canine company. Many of the other operators' rescued dogs were adopted after hard lives on the street; others were at the pound, hours away from being euthanized.

International Dog Day (and in the US, National Dog Day) is August 26 every year. The tradition was created by US pet advocate Colleen Paige as a day to recognise the needs of society's unwanted and cast-off dogs and affirm the commitment to adopt, donate or raise awareness of their special needs.

Hanz amplified the original message by adding an amateur radio component in 2022, taking the special-event callsign YL1DOG and operating as a single station. The following year he was joined by Chris, G5VZ, and David, G4YVM, in the UK. By 2024, a team of eight US rescue-dog advocates, operating as K2D, had come on board. This year is the biggest yet, as hams in Germany and other countries run with the pack. All operators will be looking to hear from dog-lovers and supporters in either CW or SSB on HF, on VHF/UHF simplex, or via DMR and Echolink.

International Cat Day will be operating as a separate event, two weeks before the Dog Day operators get on the air – and they will be carrying a similar message for cat-rescue awareness. See catdayradio.org for details.
